## Boat Highlights

2008 ROBERTSON AND CAINE LEOPARD 47 POWERCAT "OWNERS VERSION"

This new breed of power catamaran is designed by the famous naval architects Morrelli and Melvin. What other power boat offers three double state rooms with ensuite heads and stall showers, in addition to the best fuel economy and range currently on the market. Ideal for global passage making, coastal waters or shore sport fishing.

This yacht looks like it came out of the factory. One owner from new. The maintenance has been top notch. Replacement value well over \$800,000 . This yacht is a very attractive package and is ready to go cruising. Most of these Leopard 47 power catamarans are delivered world-wide on their own bottoms, thanks to their excellent fuel economy.
