## Boat Description:

The Golden Line G500 represents a fresh approach by our design team.

This 5-meter model is capable of handling engines up to 115hp and is great at riding the waves whilst also delivering the thrills and spills of water sports, keeping up with fish or simply enjoying the excitement of speed over the water. It is one of the safest and most comfortable boats in it's class with its light-weight, high-performance structure together with a heavy-duty, Deep "V" hand laid hull and an elegance of design that boaters will readily appreciate.

The helming position is well designed and comfortable while the rest of the cockpit will certainly meet your passengers' needs.

This new, innovative model has the potential to transform your expectations in terms of performance, family enjoyment and safety.
