[Boat Description:](#)

The Nautitech 40 Open is an exceptional sailing catamaran that perfectly balances performance, comfort, and versatility.

Designed for both experienced sailors and those new to catamarans, this model offers a sleek and modern design with outstanding stability and efficiency on the water.

PURCHASE FOR CHARTER, this vessel is an ideal investment for those looking to offer unforgettable sailing experiences.

With an open-concept layout, the 40 Open maximized living space, seamlessly blending indoor and outdoor areas. The spacious cockpit and saloon create a large, welcoming area for entertaining and relaxing, while the ergonomic helm stations provide excellent visibility and control.

The interior features luxurious finishes, a fully equipped galley, and well-appointed cabins that ensure comfort on long voyages. Designed for speed and ease of handling, the 40 Open is built with lightweight yet durable materials, providing excellent sailing performance in various conditions. Whether cruising along the coast or embarking on bluewater adventures, this catamaran offers reliability and efficiency.

Don't miss the opportunity to own this remarkable vessel. Contact us today!

Full Specification

Layout & Accommodations

Nautitech's aim is to rethink and re-evaluate everything. This is reflected in the saloon of the next generation NAUTITECH 40. Its layout is revolutionary and features a luxurious lounge area with a comfy, U-shaped sofa on the port side. The materials are new too: walnut and pale oak. For the flooring you can choose between wenge and elm – to make things that bit finer.

You can choose between the OWNER'S VERSION (3 Cabins, 2 Heads) or CHARTER VERSION (4 Cabins, 2 Heads). And what's great about the cabins is all the natural daylight that streams in through their double hull windows. How have the bathrooms changed? Lots of teak has been included, which goes perfectly with elegant designer washbasins and black shelf spaces.

Our OPEN concept truly does open everything up. We've consistently evolved the principle! The entrance area is now wider towards the cockpit so the cockpit and saloon merge. Embedded amid this is the pantry with its enormous worktop and ample storage. There are now dimmable ceiling lights in the saloon, cockpit and even the cabins, so you can always set the mood.
