Boat Description:

The Sunreef 60 Electric is a cutting-edge luxury catamaran that seamlessly blends sustainable technology with top-tier comfort and performance.

Designed for long-range, eco-conscious cruising, this yacht features an advanced electric propulsion system, ensuring a quiet and emission-free experience on the water. The spacious and customizable layout offers a lavish living space with panoramic views, refined interiors, and high-end materials. The vast main salon seamlessly connects to the expansive aft cockpit, creating an open and inviting atmosphere for relaxation and entertainment. The flybridge is an ideal space for social gatherings, equipped with plush seating, sunbathing areas, and an optional wet bar.

The Sunreef 60 Electric is equipped with state-of-the-art solar panels integrated into the superstructure, maximizing energy efficiency and extending autonomy at sea. The galley is thoughtfully designed with modern appliances and ample storage, providing a gourmet cooking experience. With an intelligent navigation system, advanced electronics, and premium deck equipment, this catamaran ensures smooth handling and effortless maneuverability. Whether for private cruising or luxury charter operations, the Sunreef 60 Electric offers an unparalleled sailing experience with a commitment to sustainability.

Full Specification

Layout & Accommodations

The Sunreef 60 has 2 version Eco Version or Classic Version.

Construction: Composite

Living space: 225 m² / 2421.88 Ft²

The hulls provide impressive volumes to set up a custom layout, including airy, luxurious guest cabins and an opulent master suite with a walk-in dressing, desk, sofa, retractable TV, and an immense bathroom.

Deck & Equipment

The 36m² flybridge houses the main helm and is dedicated to leisure, offering ample space for movable furniture, a jacuzzi, a fully equipped wet bar, a barbecue, and large sunpads.

Electrical, Power & Plumbing

The Sunreef 60 Electric features a massive propulsion battery bank of 140 kWh and two 55 kW electric engines integrated with the rudders, which can turn up to 90 degrees. This setup allows for efficient energy regeneration while sailing. The solar panels on the carbon fiber Bimini enhance energy efficiency by effectively converting sunlight into electricity.

Engine & Mechanical

Engines 2 x 75 HP - 2 x 110 HP

Fuel capacity: 1000 l (264.17 US gal) - 1750 l (462.3 US gal)

Water capacity: 800 l (211.34 US gal)

The yacht is powered by twin 75kW engines, allowing for up to six hours of motoring in complete silence.

Sails & Rigging

Mainsail: 95 m² / 1022.57 Ft²

Genoa: 85 m² / 914.93 Ft²

Specific details about the sails and rigging are not provided in the available information.

Additional Information

The Sunreef 60 Electric is a fully electric sailing catamaran, embodying the vision of sustainable yachting. It features a massive propulsion battery bank of 140 kWh and two 55 kW electric engines integrated with the rudders, which can turn up to 90 degrees. This setup allows for efficient energy regeneration while sailing. The solar panels on the carbon fiber Bimini enhance energy efficiency by effectively converting sunlight into electricity.
