Where You'll Find The Best Used Boats On The Market

2005 Privilege 395 with ELECTRIC PROPULSION

This beautiful 3 cabin 39' Privilege is equipped with 12hp ST 74 electric motor drives and a 144V DC generator. She actually generates her own power while under sail! This yacht functions much like a hybrid-electric automobile. This is a clean and ecologically friendly system that runs quietly, has little carbon dioxide emission, maintenance free motors, and perhaps most importantly boasts LOW FUEL CONSUMPTION. This yacht proves that you don't have to compromise on luxury to enjoy savings on your fuel bill. \$469,000
