The Catamaran Company proudly presents its first power catamaran from LAGOON, the result of more than 4 years of study and research. Charter this luxurious power catamaran built for comfort, speed and elegance.

Pamper yourself in a magnificent owner's suite, located aft, with direct access from the cockpit or from the port passageway. The cabin which stretches over the entire width of the boat measures 10' x 20' offering unusual luxury. A panoramic view aft and from all sides, king sized bed, separate shower and toilet compartments, vanity and abundant stowage – all combine to offer comfort and space normally reserved for much larger yachts.

From the broad aft swim platform to the cozy forward cockpit, from the commanding fly bridge to the large aft cockpit – life and movement onboard is comfortable, simple and secure. The Lagoon Power 43 is incredible maneuverable and easy to operate, even single-handed! The close distance between the two propellers make her extremely manageable in docking and close quarters maneuvering. The balance of the twin hulls delivers excellent handling in all types of conditions.

GUEST COMMENTS

We cannot wait to charter this power cat. We have been waiting and waiting to try out power versus sail. CatCo is the way to go

-Jim Stevens, PA

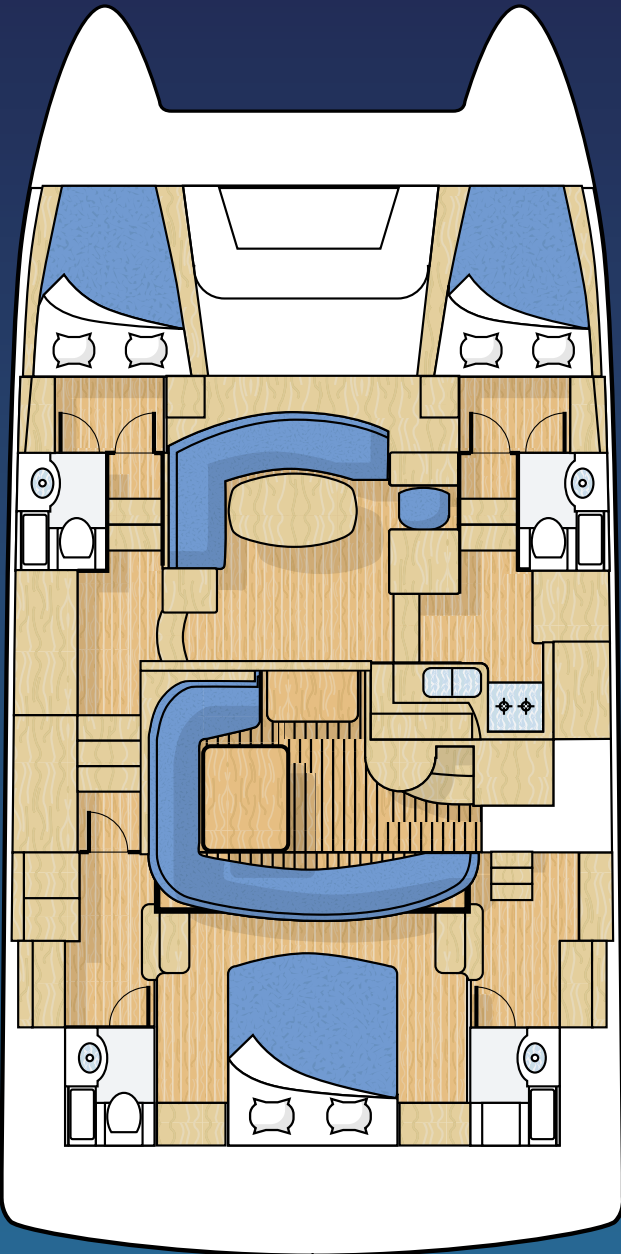

I own a house in Virgin Gorda with a dock. This power cat is so easy to maneuver that I rent it out from CatCo when I visit and do day trips with my family. It's fantastic

-Amy Higgons, FL

I decided to place my power cat with The Catamaran Company because of their excellence maintenance and track record. You won't be disappointed with my power cat!

-Edward Binseel, OWNER of ANDEN, LP 43
