LAGOON 410 S2-E

Waypoint, a 2004 Lagoon 410-S2 owner's version catamaran, is revolutionizing the sailing industry. Waypoint is the world's first charter multihull to be powered by the Electric Wheel from Solomon Technologies.

Designed as a "Green Catamaran" Waypoint's props and electric wheel system regenerate power by charging its batteries while sailing. Even when motoring Waypoint is non-polluting and its electronic system is so sophisticated that electrical regeneration occurs while sailing on the downside of waves. Waypoint is silent and smokeless eliminating air, water and noise pollution.

The guest accommodations are spacious and well appointed. The starboard hull is dedicated to her captain. There is a Queen size berth, plenty of storage and a den area with desk and bookshelves. All can be closed off from the salon to afford complete privacy.

MAIN FEATURES

Year: 2004
 Length: 40'7"
 Beam: 23'3"

GUEST COMMENTS

"Lagoons are known for their roominess and comfort," said Solomon Technologies Inc, CEO Dave Tether.

Dave Tethers, CEO
 - *Solomon Technologies - FL*

"The power is amazing from only 12 horsepower. For maneuvering at close quarters, it's beautiful. Just push the lever back and forth."

Captain Jorge Ventura
 - *Delivery Capt, Portugal*

"Our experience with Solomon Technologies, Lagoon and The Catamaran Company has been charming and wonderful," said Denise.

Denise English
 - *Owner of Waypoint. - MD*
